November 2023 Career Newsletter

Hello Bobcats!

Here are the opportunities available to you in the month of November

JOIN THE INICIATIVE

- ✓ **The Internship Program:** Gain experience and insight through an internship with a company, government agency, or NGO affiliated with the network.
- ✓ **The Mentorship Program:** Interact with climate change experts from the educational, government, and private sectors, who will share their expertise and offer guidance.
- ✓ **MOOC - Bending the Curve Climate Education for All:** Enrich your knowledge by taking this online course, which is a multidisciplinary university curriculum on climate change solutions created by the University of California.
- ✓ **The Network:** Exchange perspectives, organize bilateral activities, and build cross-border connections.

Requirements

- ✓ Must be at least 18 years old
- ✓ Undergraduate only (ideally in junior year or 5th semester)
- ✓ Intermediate-level English and Spanish
- ✓ Must be available to participate on an internship of 10 to 15 hours per week.
- ✓ Submit a cover letter (one page max / Arial 12, line spacing 1.15).
- ✓ Recommendation Letter

Commitment

- ✓ CA activities (10 hours per month)
- ✓ CA events (3 hours per month)
- ✓ Internship time requirements (10-15 hours per week for up to six months)
- ✓ Must be available to participate on an internship of 10 to 15 hours per week.
- ✓ Participation required on at least 80% of the initiative's activities and events
- ✓ Ambassadors must participate in one internship experience during their time on the initiative

LOOKING FOR RESEARCH OPPORTUNITIES?

UROCC APPLICATIONS ARE NOW OPEN!

Apply to participate in the Summer
Undergraduate Research Institute!

APPLICATION DEADLINE:
JANUARY 30TH, 2024

PROGRAM DETAILS

- You will receive mentorship from & build networking connections with UCM faculty, grad students, & UROC Staff!
- UROC will host 3-5 academic and social trips to help students build relationships & learn about grad schools!
- Campus housing is available to all SURI students & you will have the opportunity to apply for housing funding.

SURI OUTCOMES

RESEARCH PROFICIENCY

You will learn the research processes related to your field and practice the skills needed to excel.

GRAD SCHOOL PREPARATION

You learn about the application process, financial support, and what programs are right for you.

PRESENTATION PRACTICE

You will have the opportunity to present your findings at our Annual Research Symposium!

APPLY TODAY!

UROCC 2024 Summer Research Application OPEN!

This week's programming will address Resumes and Cover Letters and provide an enriching interactive resource for students to learn about resume and cover letter development.

Resumes and Cover Letters are a crucial first step to applying to just about any career, internship, graduate school, medical school, scholarship, research, or experiential learning opportunity.

A Career Specialist will be available to help you through the professional resume and cover letter!
